Dear Everybody,

When I talked to Wiley Drake on the phone and he posted the interview on Youtube, these Gestapos punished me for it. It's not against the rules for me to talk to the press on the phone. But they added 27 days to my sentence, cut my phone and email for 60 and 90 days, and wouldn't let me buy food for 60 days.

The 60 days is up now. So I called my daughter. Hearing her voice was like smelling fresh air after months in a dark cave. She's 6 years old.

Not being able to buy food took a toll on me. I lost some weight I really couldn't afford to lose. I was eating less than 1000 calories a day. Now I need to get my weight back up.

But with all the recent filing fees and legal expenses, I don't have money to blow on food. I'd rather get out skinny than stay here fat and comfortable. But if you could send me some money, it doesn't have to be either-or. I can buy healthy foods like tuna, almonds, beans & rice, dates, and tortillitas. That's enough to get my weight

back up. They say your brain burns half your calories. If that's true, it explains a lot.

So many people have been so generous to me. I don't want any one to think I'm not grateful for that if I don't send a thank you note. CTU want let me write all the people I'd like to. So just know how meaningful it is any time \$20 or \$50 or \$100 shows up on my account. When I eat oatmeal with dates and almonds in it, I sit quietly and wonder who bought me this meal. Your love keeps my heart alive. I will fight the good fight and never succumb to evil or give in to despair.

Thank you,

Love
