

by "The Light" (Proverbs 4:18) 16 June 2017, Friday

dear Therese,

So glad that you enjoyed the "typed" version. We have some (3) typewriters in the small library 10' by 20'. They are SWINTEC limited function machines. If K-MART sold them at ridiculous days on the Sidewalk, they would be sued! (Smile!) Some folks like my hand work, others prefer the typed style. Thanks to others, I have the resources necessary for the typewritten style.

It is a pleasure setting forth an outline for our southern friends as it should be known what some of us have done in honor of The WORD (Jn 1:1; 14) as we hope for the Kingdom of God to be manifest on this land. TRUTH must find the pathway to the hearts of Christian men and women! By the grace of God, I am open for sharing answers for any questions that may arise. If I have an answer I will do my best to answer; If I don't have the answer, perhaps we can find it and pass that on.

Fresh air is not the most pressing challenge. Nearly every day we are able to go out into the "corn-crib cages" which are out in the air. We have a window in our 7' X 10½' room. No air-conditioning, so on hot days and nights it can become unbearable. Our foot NEVER leaves "concrete". Only on one occasion in the nine (9) years I've been confined in this building, have I ever been able to set foot on the "earth". I had to be transported to the State Hospital in Indianapolis for a visit to a Dermatologist so I walked on the grass from the building to the van and later from the van to the building, "IN CHAINS".

You mention President Trump's wise decision to withdraw from the environmental treaty/Communist One World Order scheme link. Non-Government Organizations (NGOs) are all behind such garbage for eliminating at least 2/3 of the world's population and ENSLAVING the survivors as "worker bees" for the self-styled elite. That was a slap in the eye of the real terrorists.

The morally bankrupt who have emerged through the social engineering experiment as has been drummed into "The People" over the last several decades MUST hate God and those who worship Him, for The WORD does not tolerate their destructive, ungodly lifestyles. A person prone to lusts of the flesh is prone to violence, especially against anyone who does not go along with their corruption. Thus everyone who loves The LORD, and encourages righteousness is seen as someone that they MUST destroy, see: John 10:10, for witness of the problem and for an encouraging message to those who obey King Jesus.

Here we witness "oppression" for silencing anyone who is willing to reveal truth. If in fact we were truly criminals and truly WRONG, it would not make any difference if we were to send 500 lbs. of mail out each day, if we could somehow dispose of it received 500 lbs. of mail every day; wore out the telephone; or spent all day sending "unscreened" e-mails out. It would not matter. BUT since we are falsely imprisoned by people who are in the commission of TREASON and an array of CRIMES against the people it is a fearful thing that we might correspond with others who could be informed of the hideous injustice and that therefore these who are the REAL CRIMINALS would be called to account and wind up in deep jeopardy for their CRIMES against HUMANITY (us). As We-the-People are the true, de jure government, the crimes against us are SEDITION by the very people who as private people took it upon themselves to take a solemn "Oath" and affirm to abide by the laws of the states and the United States to protect the Rights of the People, these Oath takers are liable for sore felonious breach of their "Oath/CONTRACTS" and RIPE FOR PROSECUTION FOR REAL CRIMES!!!

The educational system, especially at the college level is a cesspool of incubation for communist tyranny. Satanic influence as

it is no secret, many teachers, and administrators are died in the wool atheists, communists and hold sore contempt for God and especially for Christians. The people must be brought to the awareness that Christians are being persecuted, even murdered in this country for not only political stands, but because they are a strong Christian who will tell the TRUTH if they are not CRUSHED for keeping them SILENT! Needless to say, I am a veteran witness to these things and have first-hand seen and felt the particulars of violence and of persecution that I testify to. Gross unrighteousness and injustice the order-of-the-day!!!

Most people are sorely naive and do not see how easily they can be NEXT! There is literally no one who is safe on America today. Our son, Ryan Dean was murdered 7 January 2000, as he and a friend traveled for a skiing trip to up state Michigan. He was targeted for attempt to break me; not for anything that he had done wrong. At age 25 he was looking forward for completing law school at the University of Iowa in Cyber-law as an emphasis. There can be no doubt that he had no idea that such evil corruption would attack him. He had a spotless record and no reason why he should be have had to fear for his life.

The finding of an alleged "dirty-bomb" coming into South Carolina is just a sample of how serious the enemy is for destroying America. Who knows where such will be detonated, but we can be sure that such an attack would result in nuclear attacks that could well trigger World War III and such destruction around the globe. These dangerous situations seem to point to fulfillment of Bible prophecy -- end-time events.

Our daughter Amy tells of living in Waterloo-Cedar Falls in Iowa, and once peaceful, now faces murder and shootings every week.

by "the Light" 19 June 2017, Monday (continuing)

It seems that the influence of gangs in Chicago has moved into the area. My Son Michael Dean(35) has been the Principal at George Washington Academy a Middle school on Logan Avenue in the North of Waterloo. At his school this past year no less than five families have suffered a shooting

victim, or had a youngster involved in the shooting of another. A statistic that is showing in the performance of students. He has opted for a transfer to another middle school, Central, as he has been suffering stress and health problems as a result. All of this in an area where there was no such reality during the 25 years that I lived in that community prior to 1993. It seems that this is becoming the norm across America. Thankfully, it is a blessing that most of our family are remaining faithful in Jesus, Amen.

Richard Dawkins hardly seems like one to speak out in favor of Christianity, yet, he cannot deny that Christianity is all that stands against the powers of darkness; and, I must add is certain to prevail!

As I write here I affirm that I am going to enclose an outline as friends desire. I pray that it furthers our purpose for the Kingdom. For Glory of our Lord!

You are all in my heart and prayers. Your generous care has allowed me to breath a bit easier. It appears all is here. Please let all know, as it is not so far possible for me to do so. I am frugal and cautious to use all wisely and to the glory of our Lord.

Numbers 6:24-27. Surely the Lord shall bless and keep all of his dear ones, even through all that lies before us. Bless you dear sister, and all of our fellow workers, in Jesus' name.

Your brother, and fellow servant,

*rex-russell-dean*
