

## CAPTURE THE SEA

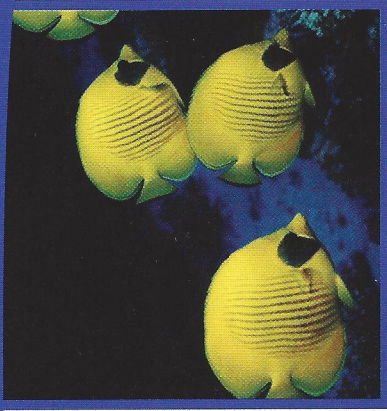

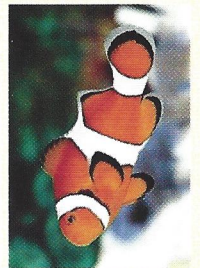

With one of our custom fresh or saltwater aquarium system. Create a piece of living art in your home or place of business. We are Portland and Vancouver's leading aquariums maintenance and service company serving Gresham to Hillsboro and Ridgefield to Wilsonville.

Whether you're interested in a freshwater aquarium, saltwater aquarium or have an existing system that needs service, you can count on Classic Aquariums to get the job done. By using the latest, state-of-the-art equipment and highest quality of livestock, we pride ourselves in giving you the best possible experience.

Steve Bishop has been installing and maintaining beautiful and unique aquarium displays since 1985.

## SYSTEM

The fresh or saltwater aquarium systems that CLASSIC AQUARIUMS provides enables you to have a very efficient yet attractive aquarium. Our acrylic or glass tanks come with Blue, Black or Clear backgrounds.

Our CLASSIC systems are plumbed through overflow boxes inside the tank leaving the view unobstructed by hoses, tubes & filters. They utilize trickle filtration technology LED lights, submersible pumps, heaters, crushed coral sand, protein skimmer, decor, fish & installation. Sizes range from 3' to 8' in length.

### The STANDARD

Freshwater systems comes in 40, 55, 75 & 100 gallons that are affordable for any application in the home or business. They can even come with automatic feeders.

With either system we use local cabinet builders with multiple woods & stains to match any decor and installed by our aquarium technician staff.

## ABOUT US

We started our service company in 1985 in Vancouver as "The Fish Caring People". Our philosophy is to provide an attractive aquarium with outstanding service. We use Tank Raised fish when possible and artificial reef decor to help keep our Earth Green.

We pride ourselves in having high quality fish, equipment and dependable maintenance service. Our company vans are stocked like a fish store on wheels with food, filter media, lights, heaters, pumps & more. Call us today @ 360.573.5373 to get a free estimate on a system or if you already have an aquarium and need just a monthly maintenance quote.
