

ELECTRO MECH

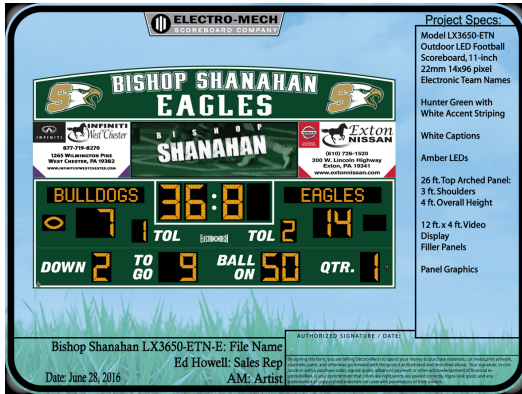

SCOREBOARD COMPANY

You Play The Game. We'll Keep the Score.

Now is the time to Add, Replace or Upgrade Your Existing Football Scoreboard Before Next Season

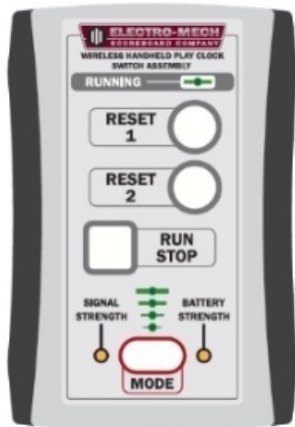

Electro-Mech has a wide selection of scoreboard options and can also custom design a solution to incorporate the latest features and technology into your scoreboard.

- Full-Color LED Video Systems
- Wireless Control Systems
- ID Panels and Trusses
- Electronic Team Names

Upgrade your facility by adding a set of Play Clocks. With multiple sizes to choose from and a number of options & accessories, Electro-Mech is sure to have a solution that is a perfect fit for your facility and your budget.

The [Electro-Mech Wireless Handheld Play Clock Switch Assembly](#) is an accessory which works with an MP-style control console outfitted with an embedded ScoreLink Transmitter and the appropriate software. This handheld unit allows an official to walk the field while starting, stopping and resetting the Play Clock time.

Visit our [Online Store](#) or Call 856-381-8888 to learn more about the products and custom solutions for all of your athletic facilities.
