

*****REFUND POLICY*****

(All Refunds Are Minus Jersey Costs. Jersey's Are Non-Refundable)

PSA has set the following guidelines on refunds for our youth sports programs.

- To request a refund please contact PSA President Nicole Phills and/or Coach Chris. A decision will be made after information is gathered and discussed to determine if a refund and/or cancellation should be approved.

Refunds will be assessed for programs on the basis of the following:

- Injury (with documentation from a doctor)
- Moving over 50 miles from current address resulting in too much of a distance away from PSA (Refund will be mailed directly to the new address)

Unfortunately, refunds will not be assessed for programs due to the following:

- Unhappy with team assignments
- Weather cancellations
- Request not honored

The amount of money that is refunded is contingent upon how much of the season has passed as well as the reason for the refund. (Ex: If it's very near the beginning of the season and a child suffers an injury, PSA will determine how much of a refund the family will receive. If the season has not yet started a FULL REFUND will be granted. If it is near the end of the season, no refund amount would be granted.)

PSA will not give refunds or prorated fees for missed practices or games due to a participant registering for a program late or for a participant that doesn't show up for practices or games.

Refunds based on Injury and/or Moving: **(JERSEY'S ARE NON-REFUNDABLE)**

- Before the Season starts: 100%
- 1 week into season: 75%
- 2 weeks into season: 50%
- Anything occurring after 2 weeks into the season will result in 0% refunded
