

Summer 2017 Newsletter!

As we are writing this; we cannot really believe that we are nearing the end of our first year. We would like to thank everyone who has supported us so far and we are delighted that our Tutor With Confidence family has grown to the impressive size that it has!

During the Summer holidays, we are holding a couple of Summer Workshops for children – further details are below. As there will be three tutors running these, it is open to *all* children-not just our TWC family-so please feel free to spread the word!

In the Autumn, we will be offering more workshops for parents which will focus on grammar, punctuation and spelling and a maths 'reasoning' course. We will let you know the dates as soon as possible.

Enjoy our new Summer Reading List which is attached and most of all; have a wonderful, relaxed, chilled summer. Get ready to hit the ground rolling again in September for the next chapter in your child's educational journey!

The Benefits of Tutoring for Primary Years

By Bethany Spencer.

'Tutoring is a tried and tested method.'

'Tutoring is a great resource that should be exploited throughout your child's school life-including in Primary School.'

'Having tutors over the holidays will also help them keep the brain engaged and avoid them losing any knowledge learnt the previous year!'
