

# Spring 2017 Newsletter!

With Spring just around the corner and the Easter holidays ahead- we thought we'd keep you up to date with a bit of TWC news.

Firstly, a HUGE congratulations to all of our Year 6 children who have, through sheer hard work and commitment, been successful in their entrance exams and will be attending the school of their choice in September where their new educational journey will begin. Exciting times ahead!

The next hurdle for Year 6 children is of course- the SATs which begin the week commencing May 8<sup>th</sup>. Currently, our Year 6s continue to work hard. We wish them well- and remember- 'Keep Calm and Carry On!'

Thank you for the feedback from our Christmas Reading list that we sent out. As a result, we will shortly be releasing our Summer Reading List for the holidays.

With that in mind, enjoy the Easter holidays and we look forward to seeing you in the new term.

Jane, Jacqui, Nicky and John

## Grammar Workshop!

In February, Jane and Jacqui held a Grammar Workshop aimed at parents and carers of Year 5 and Year 6 children. The session covered 'the sentence' focusing in particular on types of clauses and conjunctions. Of course, the coffee and cake was an added incentive to attend! There was a fantastic turnout and the session was enjoyed by all.

Thank you for your positive feedback afterwards.

## Easter SATs Revision

April 11<sup>th</sup>, 12<sup>th</sup> and 13<sup>th</sup>.

10-12pm

We have some availability-please contact us for more details.

## We Love.....

### HIT THE BUTTON

<http://www.topmarks.co.uk/maths-games/hit-the-button>

#### About Hit the Button

Hit the Button is an interactive maths game with quick fire questions on number bonds, times tables, doubling and halving, multiples, division facts and square numbers. The games which are against the clock challenge and develop a child's mental maths skills.

Designed for 6 to 11 years olds, the activities can be matched to appropriate mathematical ability. Regular use of Hit the Button can help children to sharpen their recall of vital number facts in a fun way and learning multiplication tables need not be boring.

## New Look website...

We have launched our new website, please visit it.
