**Finding it hard to get exclusive and valuable auction items for your Fund raising event?
 What about the cost of Entertainment at your event?**

**In these times, it is harder for people to choose where to donate their charity dollars.
 It takes a unique auction item to create a high auction price.**

Donna Gibb provides a cost free solution.

There is no risk to the Charity and a reduced commission fee is taken out of the auction price. Donna’s terms guarantee the charity never receives less than the commission fee. Through painting at live events, Donna has raised over half a million dollars for various charities.

Self Funding Auction item

In most cases, Donna’s painting exceeds all other auction prices getting on average 50% plus than other auction items.

“Your amazing live art was such a fantastic addition to our vocal auction and the two pieces you did for the silent auction were also beautiful. In total you helped us raise over \$ 15,000 of the \$ 300,000 in total raised on the night.

Many people have commented on the work that you did after the event and I know that they were very impressed to see the artwork come ‘alive’ in front of them. Many thanks again.”

Donna has many private and corporate clients who purchase at auction or commission Donna every year to add to their collection of her work. Donna's paintings are not available in galleries which keeps her work exclusive.

After comprehensive research, Donna will design a painting in keeping with the theme of your event. This means Donna can paint a one off piece of art, which cannot be bought elsewhere, and is unique to your event. Often Celebrities and Identities add to Donna's Canvas, and then they sign the front. The painting is created throughout the night/day, from a blank canvas to a finished painting in front of your guests. This also provides tangible entertainment.

How does it work?

Donna sets up her easel and canvas where guests are invited to add to the canvas.

This is usually during the pre-dinner drinks, when there is nothing else formal happening. It is an opportunity to provide a unique interactive entertainment at the beginning of the event. Then Donna moves to the stage, where only celebrities/identities are invited to add to her canvas throughout the rest of the event. This does not take away from other activities and formalities.

The MC refers to Donna, and often Donna will have a roving mic, providing opportunities for Donna to interview her "Celebrity artist" as well.

It is important that the guests see that the painting will be a valuable one off piece of art. Donna's paintings are not available in galleries, and only via commission or the auction process. The winning bidder also has the opportunity for Donna to personalise their painting by adding in their own corporate logo, or painting them into the canvas.

Added Benefits

Often prints of the original art work are then sold after the original. Limited runs of 5 to 10 prints are auctioned for between \$500 and \$1000.00 dollars. Highest print has reached \$8000.00 at auction.
