

Date:

**Letter of
Authority**

I hereby authorise NSNrg Limited to act for and on behalf of our own company about our Energy supply. This authority is to be used for the purpose of obtaining current Tariff/Product details, current contract information, metering information (Industry held Data) and negotiation and implementation of competitive Tariff/Products which our business may choose to accept from NSNrg Limited.

This authority also gives permission to NSNrg Limited to serve notice on our behalf to our existing contracts, should the need arise, for the purpose of avoiding an automatic renewal by the existing supplier.

I understand that I am under no obligation to transfer to any supplier or product recommended by NSNrg Limited.

I further understand that NSNrg Limited will notify me by email during the negotiation processes.
