

# Morgan's Mutts Rescue

January was a happy tail month as we saw 4 dogs find their forever homes! We also took in 2 stray dogs, 1 owner surrender and helped vet a cat for a local resident! We also had 3 dogs spayed/neutered!

---

*Happy New Year  
2017!!*

---

## Happy Tails!

Our first adoption was Princess Leah who was surrendered to us on 1/10/17. She didn't have to wait long for her forever home! Her new mom is Virginia and she also has a canine brother to play with! It didn't take long to figure out that this was a perfect fit for Princess who is now Felicia!

---

Our next adoption was Barney! He was the last of 6 puppies we rescued in October, 2016 at 11 weeks old. He was adopted out but came back through no fault of his! Getting a puppy is a lot of work and commitment! But that's ok because Barney found his perfect home with Steve & Sandy and canine brother Zorro! It was a perfect fit for everyone!

---

Heidi goes home! Heidi came to us from the Amelia Co. Animal Shelter in November, 2016. She waited very patiently for that special person and she struck gold with her new mom Kathleen! She needed an active person was going to spend a lot of time taking her hiking and keeping her active! She found exactly that person! It doesn't get any better than that!

Our last adoption for January is Felicia! She is a stray that a local resident had been trying to catch for several days. She was in much better shape than her little friend that she was with and although thin and full of parasites, she was friendlier and much easier to catch! She came to the rescue on 1/21/17 and found her perfect match on 1/31/17! She is one lucky girl! Her and her mom Beth are life long companions!

## Yukon goes to a foster home!

**1/21/17-** Yukon Cornelius came to us by way of Georgia! He was in a very high kill shelter there and we were asked by another rescue if we had room for this big boy! His time was up and euthanasia was inevitable.... So of course we said yes! He Arrived on 12/18/16. I was contacted by Chandler who attends Longwood University about fostering a dog! It seems every girl needs a dog to come home to especially since she was missing her own dogs back home. She fell in love with Yukon and off he went to learn basic obedience and house manners! Chandler has done a great job and Yukon has learned so much and been on awesome adventures!

## Who got rescued in January!

Princess Leah!

Felicia!

Amelia!

Princess Leah and Felicia found their forever homes already! Amelia was extremely emaciated and needs more time to become healthy. She is doing great and should be ready very soon!

**Did You Know?**

One female dog can produce 2 litters of 6-10 puppies per year. This means one unspayed female and her offspring can produce 67,000 dogs in 6 years.

An estimated 80% of the dogs will be euthanized in shelters

Why Spay?  
Do you know 67,000 people who want a new dog?

Food for thought!!
