Dedicated to the
Introduction & Promotion
Of the American Serama

Member Benefits

By joining the ASA, you gain access to the best of the best. This includes the top Serama breeders, exhibitors, judges, and other Serama enthusiasts with years of experience in showing, breeding and raising Serama for exhibition and fun.

ASA offers a friendly and easy to use forum for access to educational materials and posting of questions related to the breed. In addition, the forum offers the latest news in showing across the country, including show results.

Information on Serama health, genetics, color projects, feeding, disease prevention, standards, breeding, incubating and hatching can be found.

The Board of directors, state representatives are available. We also have a facebook page for those that have facebook.

ASA also promotes the breeding and improvement of the Malaysian Serama.

We have table top shows within the same venues as the American Serama. We have top Serama breeders working on the Malaysian style.

Goal of the ASA

The goal of the American Serama Association (ASA) is to promote the American Serama in accordance with a 'standard of perfection'.

Also to encourage its development to gain both American Bantam Poultry Association (ABA) and American Poultry Association (APA) acceptance, and improvement in all of its varieties and colors, through breeding, exhibition, and the sharing of information.

With this goal in mind, the American Serama Association was founded in 2012 by a group of the top Serama breeders and exhibitors in the United States, each with years of experience in breeding and showing Serama.

The ASA offers countless opportunities for its members to become involved and also provides exhibition sanctioning, local & state club sanctioning, Table-Top judging license certification and yearly awards.
