

DJH Capital Management, LLC
Providing clients with sound, prudent advice.

Experience Our Value Proposition

Our Financial Planning Experience...

We believe every successful client relationship begins with a plan. You may not need every planning aspect we cover, but it is likely you need some of them.

Retirement Planning Budgeting/Cash Flow Management Tax Planning

Asset and Wealth Management Education Planning Estate Planning

Risk Management and Insurance Planning

Our Wealth Management Experience...

We believe that the majority of successful investors adopt a long-term view involving discipline and focus. Our portfolio construction process reflects this. Therefore we have partnered with a fund company that features 3 Nobel Laureates and over 35 years of academic research to build low cost, tax-efficient goal-specific investment portfolios.

Our Service Experience...

We believe that great, lasting relationships include benefits for all stakeholders. Our commitment is to place our clients' interests before any firm relationships. We realize that you are placing your trust in us and we only partner with other service professionals that share those same values.

Our Fee-Only Experience...

We believe that fee-only financial advice is the most objective service offering available to prospective clients. As a fee-only financial advisor, our interests are aligned with those of our clients and are not compromised by any "kick-backs" from specific product recommendations.
