

**MBi Series**

For fast, flawless barcode label printing to go, look no further than SATO's MB2i and MB4i series of printers. These ergonomic wonders are ideal for Mobile Printing, Receipt Printing, Price Marking, Specimen Labeling, Route Accounting, Shelf Labeling and Point of Sale applications. Their compact size, rugged design and lightweight make them ideal for mobile, on-demand printing needs. It's one of the industry's first to implement both Peel & Present and Liner-less material handling capabilities build into the standard unit

**TH2 Series**

Portable, Handy, Smart. The TH2 direct thermal 2" standalone printer is truly revolutionary. Anti-microbial casing makes the TH2 ideal for clean environments where hygiene control and contamination prevention are critical. Designed for portability and functionality, the battery-operated TH2 allows users to print text, graphics, linear and 2D barcodes in high resolution. With its built-in keypad, there's no need for a PC. Print lined or linerless labels on-the-go at the push of a button. AEP Works™ software allows users to create custom label designs and download them directly to the printer, without modifying printer firmware.
