NEW 'Cardboard Boat Book' Boat Designs

I have designed numerous different looking cardboard boats that simply fold up from cardboard obtaining their strength from the geometry of the component parts. All boats are constructed with cardboard, paper tape, glue, and sealed with a waterproof coating.

The new boat designs will be available to purchase. The availability date for the NEW cardboard boat designs will be announced shortly.

Please follow us on Twitter, [@cardboardboats](https://twitter.com/cardboardboats), to stay updated on this and other NEW projects.

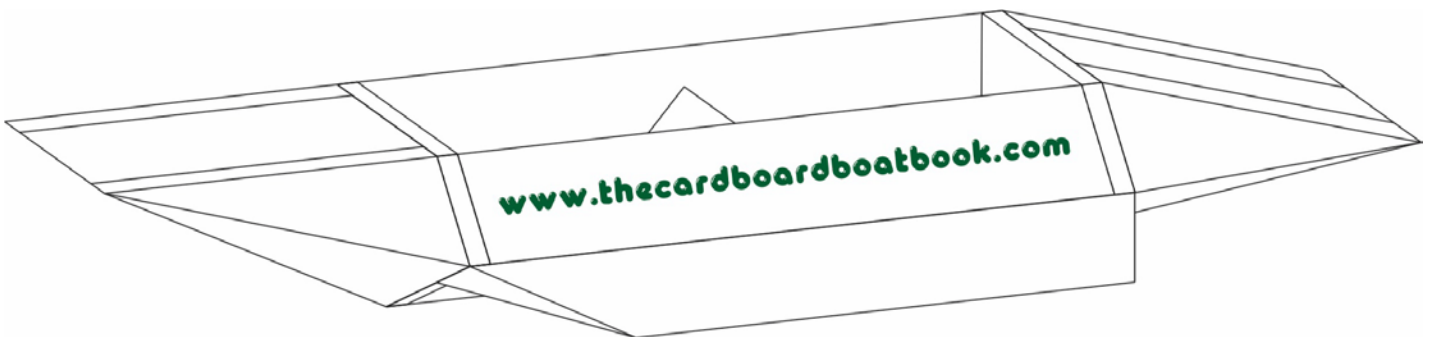

I present to you...The Tri-Maran! A triple hull design.

Specification:

Cardboard: 275# test, ¼" thick, corrugated cardboard

Length: 8'

Load: 250# (occupant plus gear)

'The Tri-Maran'

Send email to, info@thecardboardboatbook.com for availability and pricing for 'The Tri-Maran' design.
