*The Missionary Image is an actual (4' x 6') authentic replica of the original Miraculous Image of Our Lady of Guadalupe which is enshrined in the Basilica in Mexico City. In 1991, in response to a special request of St. John Paul II, the Bishops of Mexico blessed and commissioned the Missionary Images to bring conversions, reverence for life, sanctity of the family and solidarity to the Church. We are ever so grateful to the guardians of the Missionary Images, Dan Lynch Apostolates, for recognizing Our Lady's desire to come to California for this special Mission for Life and for making it possible for all of us to honor Her request + + +

"Am I not here who am your Mother?"
