

5 Steps to Eliminate Debt

START BY LAYING EVERYTHING OUT IN FRONT OF YOU

1. Separate all the balances with less than \$1000.
2. Of those, IMMEDIATELY ATTACK THE DEBT WITH THE LOWEST AMOUNT. Use any money you have available to do this. Focus everything on this one debt until you have paid it off. You will pay the MINIMUM AMOUNT DUE on the remainder of your debts.
3. Once you have finished the first one, move on to the NEXT LOWEST one until you have paid off all of your debts under \$1000. You will continue to pay the minimum monthly payments on the remainder of your debts.
4. Next, FOCUS ON INTEREST RATES. Line up the remainder of your debts from highest to lowest in terms of the interest rates that you pay on them.
5. IMMEDIATELY ATTACK THE DEBT WITH THE HIGHEST INTEREST RATE and continue to pay the minimum monthly payments on the remainder of your debts.

CONTINUE DOWN THE LINE UNTIL YOU HAVE PAID OFF ALL OF YOUR DEBTS

The process is simple.

The question is: Are you able to do it?
