

# COOL RENEWAL®

*“Providing a Low Cost,  
High Value Cryosurgical Solution to  
Veterinarians around the World”*

Cool Renewal® is a convenient and cost effective alternative to traditional liquid nitrogen methods and equipment, as well as other expensive portable cryosurgery systems.

Cool Renewal® was developed to fill the gaps of its competitor products, offering veterinarians a wide variety of applicators in several sizes, new applicators unique to our cryosurgical system, and the lowest cost per treatment available from a portable cryosurgical system.

At Cool Renewal, LLC, we want to give every veterinarian in the world the opportunity to expand their services offered by treating patients with skin lesions at an affordable and profitable rate.
