Gray Board

AS IS GRAY BOARD - This is another reclaimed wood product recovered straight off the farm. Typically, it has been outdoors for an extended period and has the resulting weathered gray patina with profound checking. It is usually a mix of Douglas Fir, Larch, and Pine.

AS IS DOUGLAS FIR - Recycled DF planking and decking is available in the condition it was received with the visible hardware removed and end damage trimmed.

AS IS GRAY BARN SIDING - Recycled barn siding is available in an as is condition with the visible hardware removed and end damage trimmed. It is available with both gray and brown patinas. The original face will usually have a raised grain gray/brown patina with the circular or band sawn markings. It is usually a mix of white & red oak and heavier
