COMPUTER-BASED EXAMINATIONS

The examination will be administered via computer. You will be using a mouse and computer keyboard.

TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on the tutorial, up to 15

TEST QUESTION SCREEN

The "Function Bar" at the top of the test question provides mouse-click access to the features available while taking the examination.

The screenshot shows a web-based test interface. At the top, there is a navigation bar with icons for Mark, Comments, Goto, Help, and End. Below this, a status bar displays: Question: 3 of 40, Answered: 2, Unanswered: 1, Marked: 0, View: All, Time Left(Min): 359. The main question area contains the text: "3. What do the stars on the United States of America's flag represent?". Below the question is a text input field. Underneath, it says "(Choose from the following options)". There are four radio button options: "1. Presidents", "2. Colonies", "3. States", and "4. Wars". At the bottom of the question area, there are two buttons: "<< Back" and "Next >>".

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXAMINATION REVIEW

PSI, in cooperation with TDLR, will be regularly evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by clicking the Comments button on the Exam Question Screen. These comments will be analyzed by PSI examination development staff. Although PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. If a discrepancy is found during the comment review, PSI and the department may re-evaluate candidate results and adjust them accordingly. **This is the only review of the written examination available to candidates.**

NON-SCORED QUESTIONS

Your examination contains non-scored questions. The use of such questions is an essential step in developing accurate future examinations. These questions will NOT be scored and time to answer them has been added to the time allowed.

The reference material listed below was used to prepare the questions for the Examinations. When responding to the test questions, do not consider code exceptions unless the test question specifically directs you to consider them.

The examinations are OPEN BOOK. The following reference material is allowed in the examination site:

National Electrical Code®, 2014 Edition

Candidates are responsible for bringing their own reference - National Electrical Code® (NEC book) to the examination site. Electronic notepads will be provided.

What is allowed:

- Any hard-bound edition of the National Electrical Code® may be used for the examination. (Examination questions are based on the current TDLR-adopted bound edition).
- Candidate's NEC book may be highlighted, underlined, and/or contain notes prior to the examination session.
- NEC books may be tabbed with permanent index tabs manufactured and/or provided by the NEC book publisher.

What is not allowed:

- Candidates may NOT write, highlight, underline, index, or mark their NEC book during the examination session.
- Candidates are NOT permitted to have their NEC books tabbed with homemade, DIY, or non-NEC tabs.
- Any additional paper (loose, taped, adhered, stapled, etc.) will NOT be allowed in the examination room.
- Loose-leaf, spiralbound, or ring-bound copies of the NEC book, will NOT be allowed in the examination room.
- The **NEC HANDBOOK** is NOT allowed in the examination room.

Consequences:

- Candidates arriving with non-compliant NEC books will be given the option to test without their non-compliant NEC book, test with their homemade/DIY/non-NEC tabs removed by the candidate, or forfeit their examination fee and test on another day with an NEC book in compliance with CIB requirements at the candidate's expense.
- Violations occurring during the examination session will be reported to the Texas Department of Licensing and Regulation and can result in candidates surrendering all examination materials including their code books, invalidation of their test score, and severe civil and/or criminal penalties.
