

Correen's Creative Designs

General Measuring Instructions and Measurement Form

1.) Costumes are placed on the schedule according to the order of receipt payment and the return of this form. Please fill out the Measurement Form and return via email to correen@ccreativedesigns.com as soon as possible. Please let us know if you have any questions regarding the form. How soon your item can be completed is based on your promptness returning this information.

We will send one reminder if we have not received your form back and then your order will be placed in a Pending file until we hear from you again.

- 2.) If you have a specific date your garment is needed for, please email us to discuss this prior to placing your order. Events arising after you are on the schedule cannot be guaranteed and may be subject to a rush fee and expedited shipping.
- 3.) Questions may arise during the construction and need a quick answer. Please provide a cell number on the form so we can contact you directly. An email will be sent, but if not answered promptly your order could be placed on hold.
- 4.) Understand that the costume will be made according to the information you provide so **PLEASE MEASURE CAREFULLY**. Correen's Creative Designs cannot be held responsible for measurement errors.
- 5.) If you are dieting, pregnant, or have a rapidly growing child you are ordering for, please let us know at the time of your order and provide current measurements. When your order is queued up, we will request an updated form to confirm the most current measurements.
- 6.) Please use a flexible sewing measuring tape. When you wrap the measuring tape, make sure it is not too tight or too loose. There should be no gap between the tape and body, but the tape should not sink into the skin at all.
- 7.) Please record your measurements in INCHES on the Measurement Form. Any missing information could delay your garment so please provide all the information requested. Please send only the form back via email.
- 8.) Please refer to the diagrams below to help you get the correct measurements.
