Just 2 more

Give Us 2 More Pounds ABQ encourages Albuquerque residents to recycle more and to increase recycling in their homes by 2 pounds each week. By recycling just 2 more pounds per household, you can help the city achieve their goal of 3,200 tons each month. **5 Steps to 2 Pounds:**

Recycle in every room of the house!

Make sure recycling bins are strategically located around the house making it easier for everyone in your family to remember to recycle.

Make the trash bin your LAST option.

Always consider recycling before you throw something in the trash. Learn the items that can be recycled and stay up to date on newly accepted items at abqrecycles.com.

Make recycling a habit.

It'll become routine if you recycle every day and set out your recycling cart every week.

Rethink your purchases.

Before you buy, consider whether the product or its packaging is recyclable. Avoid products that cannot be recycled in the City's recycling program.

Get everyone in your house involved.

Spread the word to your friends and family. Teach and encourage them to recycle in every room of the house.

Solid Waste Management Department Residential Customers may recycle the following in their blue carts each week:
