NECESSITY TRUNK

Freshman Necessity Trunk Award was created to assist students from diverse backgrounds with their transition from high school to college by providing them with a trunk full of dorm-room necessities. The Trunk includes items such as XL bed sheets, towels, comforter, pillows, hamper, cleaning supplies, toiletries, school supplies, backpack, laptop, etc. This award takes the pressure off these first-year freshmen with their transition to college life.

Many high school seniors come from inner city neighborhoods and only have enough financial aid to cover their tuition, room, and board. LMN is dedicated to helping first-year freshmen with making this transition and providing them with the necessities of campus life. The total cost to provide a first-year freshman with a Necessity Trunk is approximately \$875.00 and LMN would like to encourage you to make a difference to support a child and change a life.
