*"If it's metal,
we monkey with it!"*

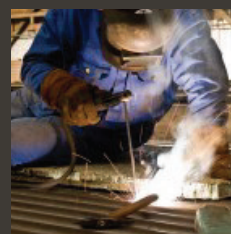

Chocolocco Welding Services is a full service mobile welding company that meets your small job and large job needs. We provide first quality welding of Iron, Steel, Stainless Steel, Aluminum, Inconel, Monel, and Copper / Brass. We perform welding using these processes:

Stick - Shielded Metal Arc Welding (SMAW)

TIG - Gas Tungsten Arc Welding (GTAW)

MIG - Gas Metal Arc Welding (GMAW)

Flux-Cored Arc Welding (FCAW)

All of our work practices fully conform to ISO Quality Standard 3834 Welding requirements. The quality of our work is absolutely first rate. Our owner, Chris Scaife, is a Newport News Shipbuilding certified visual inspector who has an in-depth knowledge of Non-Destructive testing requirements. Chris has been a welder for seven years in the shipbuilding industry working with nuclear ship construction, component fabrication and repair, and pressure vessel welding. He holds all US Navy welding certifications, which reflect meeting the most exacting standards in the world. He has welded submarine and aircraft carrier critical systems. He has extensive training in reading blueprints and can perform fitting work. If it absolutely has to be done right the first time, Chocolocco Welding Services should be your first choice.

Chris Scaife - Owner / Operator

We use only the best equipment and supplies in serving you. Our Lincoln Vantage 500 welder is exceptionally capable. We don't need to connect to plant power as our diesel generator produces all the power needed to perform continuous welding. Our service truck is fully equipped and supplied to work in the field or on the farm. We provide superior quality welding consumables that are stored properly to ensure your welds are neat, clean and free of inclusions and pinholes.

We are located in Talladega, Alabama. Our service area spans west to Tuscaloosa, Alabama; east to Atlanta, Georgia; North to Huntsville, Alabama; and south to Montgomery, Alabama.

Chocolocco Welding Services should be your **FIRST CHOICE** for subcontract welding on federal contracts. We are a Service Disabled, Veteran-Owned Small Business (SDVOSB). Chris served four years in the US Marine Corps, seeing combat in Afghanistan.
