

STRATUM MEDICAL

... a Leader in Peptide Formulation Development

A Leader in Peptide Formulation Development

Services and Capabilities

FORMULATION DEVELOPMENT

- Liquid Formulations of Peptides and Proteins
- Lyophilized Formulations of Peptides and Proteins

ANALYTICAL DEVELOPMENT

- Method Development
- Pre-Formulation Support
- Analytical Support for Product Development
- Method Optimization and Transfer

STABILITY STUDIES

- Forced Degradation Studies
- Stability Programs
- Real Time and Accelerated Stability

CHEMISTRY TESTING

- Finished Goods Testing
- Reference Standard Characterization
- Test Method Qualification and Validation

FILL AND FINISH PRODUCTS

- Peptide Standard Manufacturing
- Peptides for Toxicology Studies
- Identification of Contract cGMP Facilities
- Project Management
