Electro-Mech has a long history of providing excellent scoreboards for permanent installations. More and more customers have requested options to provide the quality of an Electro-Mech product in a package that can be moved around. Our solution is a new line of slimmed down scoreboards that can be purchased with

our optional “T-Cart” leg kit.

Message Centers

Looking for ways to generate more revenue through sponsorships and advertising? Many athletic programs across the country are realizing the numerous benefits to adding an LED message center to their scoreboards.

Marquees

Adding an LED marquee with custom signage to your facility not only enhances aesthetics but increases your ability to relay multiple messages and information.
