ComfortMax™ Inflatable PFD

Revere's ComfortMax Inflatable PFDs offer manual and automatic inflation systems, combining comfort with the convenience of instant CO₂ inflation technology. They have dual waist adjustment straps for a perfect fit, and a D-ring for connecting a kill-switch lanyard for safety. The heavy-duty 420 Denier nylon fabric covering has a clear status window with a view of the inflation system status indicator. Available in navy or red.

Product Details:

- USCG approved for persons at least 16 years of age weighing 80 lbs. and above with a chest size between 30" and 52"
- 35 lbs. of buoyancy
- Dual waist belt stainless-steel adjusters
- Exterior inflation system access flap
- Available as Automatic (with Manual Backup) or Manual inflation
- Uninflated dimensions: 20" x 12" x 3" (508 x 305 x 76mm)
- Comfortable 2" waist strap and dual back straps
- Heavy-duty 420 denier nylon outer cover
- SOLAS-grade retro-reflective tape on inflatable bladder
- The neck area has no Velcro or edge binding to cause chafing or abrasion for all-day comfort
- Includes signal whistle

Approvals:

- Manual: USCG Approved Type III 160.076/3016/0
- Auto: USCG Approved Type II 160.076/2008/0
- Manual w/ Harness — USCG Approved 160.076/8406/0 Type V with Type III Performance / Offshore Racing Congress (ORC) International Sailing Federation (ISAF) Regulation 5.02 / EN1095:1998 Compliant Safety Harness
- Auto w/ Harness — USCG Approved 160.076/8609/0 Type V with Type II Performance / Offshore Racing Congress (ORC) / International Sailing Federation (ISAF) Regulation 5.02 / EN1095:1998 Compliant Safety Harness

ComfortMax™ Belt Pack

The same quality of the original ComfortMax available in a convenient and comfortable belt pack design.

- Size: Adult Universal
- Fabric: 210 Denier Nylon — urethane-coated chamber
- Includes whistle & D-ring for kill switch lanyard on pouch
- User Weight: More than 80 lbs. (> 36 kg)
- Chest size: 30" — 52" (762 - 1321mm)
- Buoyancy: 35 lbs = 156 Newton's
- Belt webbing closure: 2" belts w/ 2" buckles
- Colors: Red, Navy
- Reflective tape on inflatable bladder
- 420 Denier outer nylon cover
- Heavy-duty buckle
- Total weight: 1.4 lbs (635g)
- 33g CO₂ cylinder
- Clear status window
- Packed dimensions: 10" x 4" x 3" (25 cm. x 10 cm. x 8 cm.)

PFD Re-Arm Kits

Important: Please review and follow additional maintenance instructions in your Owner's Manual.

- Size: 7.25" x 2" x 1.25" (184 x 51 x 32 mm)
- Contains 33g CO₂ cylinder
- Weight: 0.4 lbs. (.18 kg)
- Auto units have bobbin included.

Kru™ Sport Pro Inflatable PFD

The Kru Sport Pro waistcoat-style PFD is comfortable and compact. This inflatable PFD is ISO12402-3 (105N) approved, yet exceeds 180N of buoyancy. It has been designed for all weather conditions and water use.

Product Details:

- Quick burst zip closure
- Padded mesh systems with waist-belt retaining pockets
- Rivertex fabric gives 25% more abrasion resistance
- Foam lined for added comfort
- Integral clip on crotch strap
- Dual use inspection zipped side pockets
- Kill-cord connection loops
- Light attachment point
- Dual adjustment waist straps
- Retro-reflective tape
- 38g gas cylinder
- Oral tube & whistle
- High visibility inflation bladder
- 2 lifting beackets
- AIS Ready
- 175cm chest girth for all sizes

Hood and Harness Option

Complete with all the exceptional features of the standard Kru Sport Pro with additions of the double soft eye harness points and uniquely stowed sprayhood that sits flat across your back allowing complete freedom of movement and ultimate comfort.

Kru Re-Arm Kits

Important: Please review and follow additional maintenance instructions in your Owner's Manual.

- Contains 38g CO₂ cylinder
- Weight: 0.41 lbs. (.19 kg)
- Auto units have dissolving cartridge included

Jonbuoy® Recovery Module

Recovering a man overboard can be an extremely hazardous operation, regardless of vessel size. The Jonbuoy Recovery Module is designed to make this simple, while increasing vital visibility and buoyancy. Accepted as a direct replacement for a traditional danbuoy, horseshoe, drogue, light and whistle, specified within the ISAF offshore special regulations.

Jonbuoy® Danbuoy

The inflatable Jonbuoy Danbuoy is stylish, compact and weighs only 3.3kg. It can be mounted on the pushpit and is easily deployed in an emergency. In the event of a man overboard, simply unclip the unit from its mounting bracket and throw; the danbuoy then automatically inflates. It replaces the traditional danbuoy, light, drogue and whistle. Available in a black or white casing.

Product Details:

- Compact
- Meets requirements of ISAF Offshore Regulations
- Quick and easy to use
- Highly Visible
- Light Weight
- Automatic inflation
- 33g cylinder for the Danbuoy
- Water activated light

Odeo Flare

The Odeo Flare™ is the new alternative to the traditional red pyrotechnic hand-held distress flare. It is similar in size to traditional flares, but instead of using dangerous explosives to burn, it uses battery powered light emitting diodes.

Product Details

- Safe LED Technology; No pyrotechnics or flames
 - Visible from all directions simultaneously
 - Indefinite shelf life with battery changes
 - Multiple LEDs; More power; visibility and redundancy
 - Over 5 hours of continuous use from one set of batteries
 - Search And Rescue aircraft safe
 - 1 Odeo Flare = 600 hand held flares
 - Safe to carry in your back-pack
 - Electronic circuitry designed for optimum visibility
- Made from Salt-Water resistant materials.

Coastal Compact™ Liferaft

Ideal for coastal boaters, the Coastal Compact bridges the gap between the lifejacket and a full-feature liferaft — offering those traveling alone the smallest, lightest and most inexpensive raft available today. With double 200 lb. SuperRev™ weighted ballast pockets and sea anchor, the Coastal Compact enhances stability in rough sea conditions. Its light weight allows for easy deployment, and the compact size makes stowage easy in the smallest of spaces. Operation is easy. Just open the red flap on the valise and extend the painterline. Give a hard pull and the raft inflates automatically in less than 30 seconds with Coastal Compact's high-tech, self-contained CO₂ inflation system.

Raft includes:

- Floating knife attached to raft
- USCG-Approved water-activated locator light
- Hand pump
- Sea anchor
- Pressure relief valve
- CO₂ inflation system
- 20 ft. (6m) painterline
- Bailer
- Owner's manual

Coastal Commander 2.0™ Liferaft

The Coastal Commander is Revere Survival Inc.'s answer to economy, durability and above all, safety — requiring service just once every three years! Featuring two tubes for greater freeboard and a self-erecting arch canopy, the Coastal Commander 2.0 is fitted at each corner of the raft with lead weighted deep water ballast pockets to improve stability in rough sea conditions until search and rescue arrives. These, along with many more safety features, help ensure the Coastal Commander 2.0 will keep you safe on the water.

Raft Features:

- Boarding ladder
- Righting line on floor bottom
- (4) Ballast bags w/fast deploying weights
- Sea anchor w/100 ft (30m) tow line
- Floating rescue ring and 100 ft (30m) line
- Adhesive bonded and taped seams, inside and out
- Vacuum-packed for protection against the environment and to minimize service costs
- Self-erecting canopy with:
 - Weatherproof, double zippered door
 - Rear rainwater collector
- Neoprene coated polyester tube and floor
- Polyurethane coated polyester canopy
- Interior and exterior safety lines
- Floating raft knife
- Pressure relief valves
- 4 ft² of floor space per person

Aero Elite™ Liferaft

If your flight plan includes time over water, Revere's Aero Elite liferaft should be on your pre-flight checklist. The ultimate lightweight liferaft for general aviation, the Aero Elite 4 weighs only 45 lbs! Also available in 6 and 8 person models, the Aero Elite is the most compact, lightweight general aviation liferaft in its class making it easy to stow and deploy. The Aero Elite features one large oversized 13" tube; vertical bulkheads inside divide the tube into two independent air-holding compartments, so if one compartment is punctured, the other keeps you afloat. Offering a spacious 4-square feet per person, the Aero Elite also includes a heavy-duty boarding ladder for entry assistance. The Aero Elite also features an inflatable floor, automatically inflated canopy, stowage pockets, zippered windows, flashing strobe, four extra-large, 200 lb ballast pockets, an extensive survival equipment pack including USCG/SOLAS flares and much more. The Aero Elite is vacuum-packed to add greater protection against the environment and minimize servicing costs as service is required just once every three years.

Raft Features:

- Large, oversized tube 13 inches in diameter
- Spacious 4-square feet-per-person interior
- Automatically inflated canopy
- Heavy duty boarding ladder
- Extra large weighted ballast pockets for stabilization in rough seas
- Multi-chambered tube
- Extensive equipment pack including USCG/SOLAS pyrotechnics
- Vacuum packed
- Rain Catcher
- Inflatable floor
- Stowage pockets
- Zippered windows
- Flashing strobe

Raft Includes:

- 2 Red hand flares (USCG/SOLAS)
- Bailer
- Signal Mirror
- Paddles
- Repair Kit
- Seasick Tablets
- Water Tight Flashlight
- Extra Flashlight Batteries
- Whistle
- Sponge
- Floating Knife
- Handpump
- Owner's Manual
