Our story
We’ve got your safety covered.

For absolute protection and performance, you need the very best equipment you can rely on to ensure your safety is taken care of. By combining our innovative ergonomic designs with ground-breaking performance materials we aim to provide you with the winning formula. Our leisure brochure offers a complete product range for those essential items of safety equipment allowing you to enjoy the pleasures of being out on the water.

WHY CHOOSE CREWSAVER?

Crewsaver is recognised as a world leading designer and manufacturer of lifejackets and sailing equipment.
Expert Design
Crewsaver’s expert designers work closely with the most experienced lifeboat crews, as well as elite round-the-world racers used to pushing their limits within the extreme wind and wave conditions of the Southern Ocean.

With their unique insight we are able, step by step, to refine every aspect of our lifejackets’ design and construction.

We feed these innovations directly into each of our lifejacket ranges, whether for commercial or leisure use, ensuring that whatever your reason for being afloat, your safety is never compromised.

Materials and Fabrics
Whether you seek comfort, functionality, approval, reliability, longevity or strength, we have a Crewsaver lifejacket to suit you.

Our design team carefully chooses the best and most appropriate materials for each product, ensuring the ultimate in comfort and longevity for the individual environment. We then combine our in depth know-how with the latest technology to construct quality products which offer you the best possible performance.

Firing Mechanisms
Crewsaver works tirelessly with the world’s leading firing mechanism manufacturers to ensure that all the units we use offer the best possible performance within each individual lifejacket design.

In addition, we are proud to have introduced the Prosensor Mk3 operating head into our ErgoFit lifejackets as the culmination of a project with one of our valued suppliers.

With an improved mechanism, the head operates in less than a second of coming into contact with water. Just as importantly, it also includes a new anti-tamper locking system. We have combined the Prosensor Mk3 with the MK5i capsule, which incorporates a new sealing method to help prevent inadvertent firings.

Bladder Technology
Our design philosophy begins with approval standards. To this we add the Crewsaver difference brought about by our complete understanding of both daily life and emergency survival in extreme marine environments.

All of our products are designed, tried and tested with real life situations in mind, allowing you to rely on them completely.

For example, all of our lifejacket bladders are designed ergonomically for every day use but without compromise for your survival in the very worst scenarios. In normal conditions, the 3D sculptured shaping gives you maximum comfort and our sculpted sides allow you to move freely and without hindrance. However should an emergency arise and you find yourself in the water, you’ll find our unique designs inflate quickly and reliably. They have buoyancy distribution to keep your mouth well above the water, known as mouth freeboard, and top of the range turning properties to safely float you on your back. Our inflatable chin support will also help to keep your airways clear.

Why choose Crewsaver?
A large percentage of the boating world still do not wear lifejackets. As a manufacturer of integral safety equipment the challenge for Crewsaver has been to reduce this number through the design of comfortable, stylish lifejackets for the everyday boater, whilst increasing the key safety features for vital in water performance.

The introduction of the new Crewfit lifejacket range means that whatever level you are operating at there is a Crewsaver to suit. Following the success of the ErgoFit lifejacket range, chosen for both its increased comfort and safety factors, Crewsaver proudly announce the launch of the complete lifejacket range. Using the same advanced technology encompassed within the ErgoFit range, Crewsaver now offer comfortable, safe and stylish solutions at every level.

Fusion 3D
The Crewsaver lifejacket range encompasses the most innovative fusion 3D technology, providing users at every price point with the most advanced comfort solutions available to date. The range moulds to the shape of your body and sits off your neck giving the user total freedom of movement – so comfortable you will forget you are wearing it.
THE ONLY COMPLETE 3D LIFEJACKET RANGE

Whether you seek comfort, performance, functionality, approval, reliability, longevity or strength, we have a Crewsaver lifejacket to suit. Our design team carefully chooses the best and most appropriate materials for each product, ensuring the ultimate in comfort and longevity for the individual environment.
WHICH LIFEJACKET?

Whatever your circumstances, be sure to choose your lifejacket carefully. Whether you are selecting for yourself, your family, your crew or your work colleagues, you should consider worst-case scenarios and the type of lifejacket everyone should be wearing for their ultimate safety overboard in that environment.

Buoyancy Rating

290N Inflatable
These are the highest performance lifejackets available from Crewsaver and are designed for offshore and ocean sailing. Their high buoyancy offers maximum protection when sailing in severe weather conditions and are also the lifejacket of choice when wearing heavy waterproof or foul weather clothing.

275N Inflatable
These jackets are suitable for offshore or extreme heavy weather as they come with a minimum of 275N of buoyancy. They will help ensure you turn over onto your back even if you are wearing multiple layers of clothing that trap air. Suitable for inshore, offshore or costal use.

190N-180N Inflatable
Approved to 150N standards, these Crewsaver lifejackets provide more support than the standard 150N models, whilst maintaining minimal bulk. Suitable for: inshore, coastal and offshore use.

165N-150N Inflatable
These lifejackets are ideal for everyday use and for cruising, coastal and offshore sailing in clear weather conditions. This category includes the range of Crewfit 165N - 150N inflatable lifejackets, adult and junior sizes. The junior Crewfit model is suitable for younger crew members, aged from around 5-6 to 12 years old.

150N Air Foam
These jackets come in either a foam only option offering 150N of inherent, permanent buoyancy or 150N air foam option offering 100N inherent permanent buoyancy with the option to inflate to 150N if required.

100N Foam
These products are great for sheltered and coastal waters and can be seen on the river bank, canal side, beach or marina. The 100N foam lifejacket has inherent buoyancy provided by integral foam, giving instant reassurance and security.
Inflation options

The Pro-Sensor inflation system provides the user one point of status indication, to confirm that the unit has been automatically or manually activated. The unit also provides the added benefit of detecting if the CO2 cylinder has been pierced, eradicating the possibility of accidentally fitting an empty gas cylinder.

Hammar Automatic

The Hammar Inflator gives excellent protection from random activation caused by moisture, rain or wave splash. This is achieved by protecting the water sensitive element with a hydrostatic valve, which operates when submerged in over 10cm of water and, depending upon the lifejacket style, held there for between 2 to 3 seconds.

- Hammar works on water pressure, only operating when submerged in 10cm of salt or fresh water
- No accidental inflation, even in extreme conditions
- Cylinder is mounted on the inside of the lifejacket inflation chamber

Standard Automatic

This inflation option is available on most Crewsaver Inflatable lifejackets. Inflation occurs automatically when the capsule is immersed.

- Capsule fires within 5 seconds of entry into water
- Mechanism pierces cylinder, inflating lifejacket
- Can also be inflated as manual version or orally

Manual

Our manual lifejackets will only inflate when you pull the manual pull cord, this option allows the wearer to swim without the lifejacket being activated automatically. This can be useful if you expect to launch or tend a craft in calm waters.

- Pull lanyard
- CO2 cylinder is fired
- Lifejacket inflates
- Delivers full buoyancy in approximately 5 seconds
- Can also be inflated orally

Harness options

Harness

In addition to best practice of wearing a lifejacket at all times, the wearing of a deck safety harness while on a sailing yacht is mandatory at night under RORC (Royal Ocean Racing Club) regulations and highly recommended by all safety at sea organisations whenever there is rough weather.

Non harness

The non–harness version is recommended for situations where being attached to the boat is more dangerous than floating free in the water. Powerboats, speed boats and RIBS (Rigid Inflatable Boats) are all examples where being towed alongside at high speed would be dangerous.

The fitting of a safety light on non–harness lifejackets is highly recommended. Non–harness lifejackets are lighter in weight and do not have metal fittings or a safety line attachment point.
Redefining safety, comfort and style

From the professional ocean racer to the recreational boater, the high performance ErgoFit lifejacket is a ‘must-have’ for anyone who takes safety on the water seriously.

- Rigorous testing and retesting to exceed all safety standards
- Ergonomic 3D design for freedom of movement
- Super fast turn speed
- Twin lifting points to aid recovery
- Market leading inflation chamber keeps airway clear
- Range of inflation options
- ISO 12402-2 approved (290N)
- ISO 12402-3 approved (190N)
Survive, be found and get recovered

It is what’s inside the ErgoFit that will save your life.

SURVIVE
Turn speed is less than 2 seconds, the ErgoFit will double your survival chances even when wearing multiple layers of Ocean clothing.

BE FOUND
Integrated with a PLB or AIS system. Coupled with a SOLAS approved light (190cs optional) whistle and reflective tape ensures you are located quickly.

GET RECOVERED
It is critical to get you out of the water as soon as possible, accessible twin lifting points are incorporated on the front of the ErgoFit for ease of recovery.

Example shown: ErgoFit Ocean 290oc

- Sculpted and breathable mesh back panel
- Dual lifting becket, visible when inflated
- Form fitting neckline allows greater head mobility
- YKK QBZ (Quick Burst Zip) Zip closure system fitted
- Pocket for ErgoFit Safety Knife
- 3D shaping creates ultimate wearer comfort and full unobstructed movement
- Dual crotch straps
- Indicated window shows status of firing mechanism
- Twin adjusters for fast donning
- Flexible durable 300d fabric ensures super comfortable custom fit
- Supplied with an approved lifejacket whistle
- Dual crotch straps
- Easy Access Twin Lifting Becket

Survive, be found and get recovered

It is what’s inside the ErgoFit that will save your life.
ERGOFIT EXTREME 290 EX

It’s what’s inside that counts

• Dual buckle system, and side waist adjusters
• Robust 500D nylon heavy duty cover, chosen
• A unique hanging loop built into the jacket
• 3D Shape providing the ultimate in comfort and performance
• AIS Compatible, automatic activation on inflation

Extreme 290N EX

Designed exclusively with Abu Dhabi Ocean Racing, based on the highly successful Crewsaver ErgoFit lifejacket collection, the ErgoFit Extreme maintains all of the high specification safety features of the ErgoFit 290N while providing essential performance attributes for the serious ocean racer.

- Dual lifting becketsl
- Designed to aid speedy recovery should you fall into the water.
- A top-of-the-range bladder turns you onto your back, supports your head and diverts waves from your face.
- Unique Chin Support
- Tilts your head back to help keep your airways clear.
- Light
- CSL light is essential if you are making a long voyage or a night passage.
- Firing Mechanism
- Pro-Sensor
- Automatic, Hammar or Manual firing systems are available complete with indicator.
- AIS MOB Device
- Compatible with the S20 Smartfind, AIS MOB Device, essential for anyone going offshore.
- Spray Hood
- Included in all ErgoFit lifejackets with easy pull over tabs and piping to help keep the water off of your face.
- PLB pocket
- For carrying your Fast Find 220 Personal Locator Beacon.

ERGOFIT EXTREME 290 EX

NEW 2015

FUSION 3D

60g
Ocean 290N OC
The ErgoFit 290N OC itself is a 3D-moulded lifejacket designed for those working in extreme marine environments or for serious ocean sailors facing the full fury of the elements.

- Market-leading inflation chamber to turn you face up fast even when wearing full foul weather ocean kit
- Designed to keep your airway well clear of the water whatever the conditions
- Innovative 3D shaping provides unrivalled fit
- Easy to adjust side waist adjusters
- AIS Compatible, automatic activation on inflation

Offshore 190N OS
The ErgoFit 190N OS itself is a 3D-moulded lifejacket designed to provide those braving the elements offshore with the extra security needed in all conditions away from sight of land.

- Market-leading inflation chamber to turn you face up fast
- Three-layer cover construction for extreme durability
- Innovative 3D shaping provides an unrivalled fit
- Easy to adjust side waist adjusters
- AIS Compatible, automatic activation on inflation

Coastal 190N CS
The ErgoFit 190N CS itself is a 3D-moulded lifejacket designed to excel for all coastal water users. With its intelligent cut-away profile, it allows you total mobility.

- Market-leading inflation chamber
- Easy to don with front zip and buckle
- Adjustable fast-fix rear buckles for exceptional fit and ease of movement

190N PRO
The ErgoFit 190N PRO maintains all of the high specification safety features on the inside as the 190N, whilst minimising features on the outside. A 3D-moulded lifejacket with the advanced specification on the inside to excel for all coastal and offshore water users.

- 3D Shape providing the ultimate in comfort and performance
- Soft loop D-ring for attaching safety harness
- Three-layer cover construction for extreme durability
- Dual buckle system to enable easy donning
- Easy to adjust side waist adjusters
- AIS compatible, activates automatically on inflation

ErgoFit Accessories

ErgoFit Safety Knife
The ErgoFit Safety Knife is designed to be safe to carry with you at all times on the water, but highly effective should you need to cut through ropes in an emergency.

- Automatic activation when factory fitted onto any ErgoFit lifejacket
- Flashing LED indicator light makes you easier to spot at night
- 24 hours continuous transmission
- 7 year battery storage life

Crewfit Lifejacket Range 3D

The new Crewfit range are the first lifejackets of their kind in the world to offer; safe, stylish, comfortable and affordable solutions to the everyday recreational boater.

Using the knowledge and experienced we have gained during the development of the ErgoFit lifejacket range, alongside 30 years of experience we have in the design and manufacture of inflatable lifejackets we are able to ensure that every Crewsaver lifejacket encompasses the most advanced and essential safety features at every price point.
Crewfit 180 PRO

The first of its kind, an everyday boating lifejacket designed using 3D technology to radically increase comfort levels. Successful integration of a high volume shaped bladder design, a peninsula chin support and increased buoyancy to 180N provides you with maximum in water performance. The Crewfit 180N Pro wraps all of these safety features into a fun, stylish, 3D shaped and super comfy cover.

- Indicator window
- Robust outer cover
- Twin, forward pull side waist adjusters
- Crotch strap
- Soft loop D-ring for attaching harness (Harness version)

**Crewfit leisure range** [www.crewsaver.com](http://www.crewsaver.com) +44 (0) 1329 820 000
Crewfit 165N

Latest developments from Crewsaver’s continual programme of research and development brings you the most advanced Crewfit design available today, ensuring you are kept as safe as possible should the unexpected occur.

- Unique bladder design that reduces wave impact on the face
- Improved mouth free board (distance from your mouth to the water)
- Unique chin support helping to keep your airways clear
- Soft loop for attaching safety line

Crewsaver Crewfit lifejackets do not currently have USCG Type Approval
Crewfit 290N

With a high performance 290N inflation chamber and lightweight, hard-wearing cover, the Crewfit 290N is built to suit offshore conditions in combination with heavy-duty foul weather gear.

- Factory fitted crotch straps with a three year guarantee
- Quick Burst Zip (QBZ) cover system
- Twin quick adjust buckles

Crewfit 275N

Designed for offshore use in severe conditions, the Crewfit 275N is tailored for use with heavy waterproof clothing yet is still comfortable and practical in more benign conditions.

- Factory fitted crotch straps with a three year guarantee
- Tough outer fabric to protect the inflatable bladder
- Harness version includes a heavy duty harness belt with stainless steel D-ring and buckle

Crewfit 150N

Crewsaver’s Crewfit lifejacket represents the best in British quality, performance and value. A single-chamber 150N lifejacket, it is compact and comfortable making it ideal for everyday use.

- Choice of preferred firing mechanism and additional safety options
- Integral deck safety harness approved to EN1095 featuring a heavy-duty harness belt, stainless steel D-ring and buckle
- Factory fitted crotch straps with a three year guarantee

Non-harness options are available - see table on page 17

Crotch Straps

Fit to your inflatable lifejacket’s or buoyancy aid’s attachment points for a more secure fit and to hold you in a safer position in the water. Can be retro fitted to all inflatable lifejackets.

- Detailed instructions included to ensure correct fitting

Whistle

Keep one on your lifejacket and waterproof jacket so that you always have it to hand should you need it. Designed not to clog so it works perfectly when you really need it to.

- En394 Approved
- Spare or replacement to carry with you at all times
- Non-clog design
**Surface Lifejacket Light**
This flashing light meets all relevant safety standards to keep you visible in the worst of scenarios.
- Approved to IMO SOLAS, MED, MCA and RORC requirements
- Flashing “all around” light
- Battery powered
- Detailed instructions included

**Flare Pocket**
Fits on to your lifejacket’s waist belt to keep a single day or night flare to hand for extra safety in poor conditions.
- Flare secured in pocket by Velcro tab
- Flares purchased separately

---

**Self Locking & Asymetric Safety Lines**
For use with your safety harness, these safety lines are available in a standard or elasticated format with a choice of two or three self-locking hooks.
- Coloured yellow for visibility
- Available with a standard or elasticated line and in 2 or 3 hook formation

---

**Self Locking Safety Lines**
For use with your safety harness, this safety lines are available with or without a load indicator. With load indicator option activates when the line is placed under an extensive load of 7000-9000 newtons. There is additionally a warning label which, when exposed, means the safety line should be replaced as soon as possible.
- Coloured yellow for visibility
- Load indicator and warning label

Reinventing lifejackets for children

Crewsaver have yet again pushed the boundaries of re-design by making a radical change to baby and children’s lifejackets.

A move from 100N to 150N buoyancy plus other key safety and comfort features sets the benchmark in providing the ultimate performance when taking your loved ones on the water.
## Euro 150N
The Euro 150N lifejacket has everything to keep your child safe around water whilst remaining comfortable to wear and play in all day. The perky marine design ensures your child will find the jacket as fun as you find it reassuring.

- Contour cut foam aids comfort and turns the child onto their back quickly in water
- Adjustable crotch straps and waist straps for a secure fit
- Lifting point to aid rescue

<table>

</tr>
</tbody>
</table>

## Supersafe 150N
The Supersafe 150N comes sized for babies, children and juniors. It is ideal for use in sheltered offshore and coastal waters and offers enhanced safety features built-in as standard.

- Contour cut foam for comfort and excellent turning speed
- Built-in safety harness
- Adjustable crotch and waist straps
- Lifting Becket and whistle

FOAM LIFEJACKETS
Evolution 250N
The Evolution 250N is a hybrid, general purpose, waistcoat style lifejacket designed for working in an environment where frequent water immersion is probable.

- Dual lifting becket
- 2 layer abrasion resistant, wipe clean, foam lined impact protective chamber cover
- Dual front cargo pocket

BSI 150N
BSI lifejackets provide 100N of inherent, permanent buoyancy by the closed cell foam construction. An additional inflation chamber allows the buoyancy to be upgraded to 150N using an oral inflation tube.

Seafloat 100N
The Seafloat 100N is our classic foam personal flotation device for adults. It is ideally suited to use in sheltered coastal waters.

- Super soft PVC foam
- Durable cover and fittings
- Complete with crotch straps

BUOYANCY AIDS
Buoyancy Aids

Our top of the range, multi-purpose and user-friendly buoyancy aids enable support, safety and efficiency for all types of surface watersports. Crewsaver buoyancy aids are available for a variety of different activities specifically designed to suit the needs of what you are doing.
**Phase2 50N**

Designed specifically to meet modern dinghy sailors’ most stringent requirements, the Phase2 50N is an exceptionally comfortable solution. Side zip entry, 3D shaped super soft foam, and neoprene side panels provide top of the range comfort solutions.

- Neoprene side panels
- 3D shaped super soft foam with low profile waist cut out for excellent fit
- Large front pocket with mesh drain point
- Adjustable waist belt with concealable webbing and buckles

**Kite 50N**

Slim line side zip entry and trapeze harness cut out make the Kite 50N buoyancy aid the first choice for dinghy racers everywhere. Waist adjuster is easily hidden inside the front cover to avoid snagging.

- 3D shaped Supersoft foam panels
- Large front pocket with mesh drain point
- Adjustable side, shoulder straps and waist belt

**Kite 50N Ladies**

Slim line side zip entry and trapeze harness cut out make the Kite 50N buoyancy aid the first choice for dinghy racers everywhere. Waist adjuster is easily hidden inside the front cover to avoid snagging.

- 3D Ladies shaped Supersoft foam panels
- Large front pocket with mesh drain point
- Fully concealed, snug free buckles and webbing
### Chromis 50N

Slim line pull-on entry with trapeze harness cut out ideal for racing. Waist adjuster can be hidden away inside the front cover to avoid snagging.

- 3D shaped Supersoft foam panels
- Water resistant zip with hidden pocket
- Fully concealed, snug free buckles and webbing

DB60

Still as popular today as it was when it was designed 30 years ago the DB60 follows a traditional design that is still favoured across many of today’s markets. A front zip and adjustment waist belt make this buoyancy aid an ideal choice for recreational and general watersports use.

- Tough rip stop outer cover
- Supersoft PVC foam for flexibility and comfort
- Junior and Large Child sizes incorporate crotch strap

Sizes  J  Large Child  Large Adult  M  S  XL

DB60
Response 50N

Suitable for a variety of surface watersports, this buoyancy aid is both comfortable and comes with multiple adjustment points to ensure a secure fit at all times. Ideal for centres and sailing schools.

- Adjustable shoulder straps
- Extra reflective print for safety
- Crotch straps on junior versions

Response 70N

Provides the same comfort levels as the Response 50N combined with an additional 20N Buoyancy. Ideal for centres and sailing schools.

- Adjustable shoulder straps
- Extra reflective print for safety
- Crotch straps on junior versions

MK2 Ski Vest 50N

Specifically designed for skiing, jet skiing, and wakeboarding this buoyancy aid comes complete with padded side panels for impact resistance providing maximum protection.

- Ergonomic cut with layered foam
- Foam side panels for impact protection
- Multiple adjustable buckled belts for secured fit
**Centre 70N**

With a highly durable construction and full range of quick-pull, safe-lock adjustment straps enabling a fast, great fit across different body shapes, the Centre Vest is ideal for busy watersports centres.

- Outer body made from 500D cordura with 420D nylon lining
- Heavy-duty side zip for ease of donning, secured by a 25mm side release buckle
- Child/Junior size fitted with adjustable crotch straps

**Centre Zip 70N**

A front zip allowing easy, jacket-style donning makes this buoyancy aid ideal for use in busy watersports centres. With a highly durable construction and full range of quick-pull, safe-lock adjustment straps, it offers a great fit and unhindered movement coupled with comfort and security.

- Outer body made from 500D cordura with 420D nylon lining
- Heavy-duty front zip for ease of donning, secured by a 25mm side release buckle
- Child/Junior size fitted with adjustable crotch straps

**Petfloat**

Take care of your pet on board with its own buoyancy aid. The Petfloat is suitable for most breeds of dogs and cats.

- Easily adjustable and quick to fit
- Integral handle to safely lift your pet aboard
- Plastic ring to attach to lead
- Pocket for lead and disposable bags
- Size measured from collar to base of tail

---

**Pet Buoyancy Aid**

- **XS** 24-30cm (9”-12”) 2370-XS

Hamble Horseshoe Buoy, Bracket & Light Set

The Hamble Horseshoe buoy, bracket and light set is one of the most compact lifebuoy sets on the market today. Constructed from layered EPE foam and tough PVC material for durability. A lithium battery powered light with a 5 year life. Ideal for both yachts and motorboats, this is an essential piece of equipment in case of a man overboard.

- Flashing, SOLAS approved LED light
- High visibility yellow
- Super soft foam
- Light operates using a lithium battery with 5 year life
Hamble Horseshoe Light
The Hamble Horseshoe Light uses the latest LED technology featuring low current consumption and enhanced reliability. A bright flashing light to help enhance visibility should a crew member fall overboard during the night.
- SOLAS Approved
- Maximum 5 Year life
- Over 30 metres drop height
- Lithium battery included

Hamble Horseshoe Bracket
Constructed from stainless steel the Hamble Horseshoe Bracket combined with the Hamble Horseshoe light is the ideal solution for anyone looking to update their Crewsaver horseshoe buoy to be suitable for use at night.
- Constructed from stainless steel
- Easy installation

Crewsaver Rescue Sling
The Crewsaver rescue sling provides a pre-shaped design ensuring easy donning so that a casualty can be recovered from the water safely and quickly should you be in an unexpected man overboard situation.
- Tough PVC outer fabric to aid long life
- 30-meter high strength line

Crewsaver Lifeline
An essential piece of lifesaving kit that no boater should leave the dock without. Protected by a compact, durable and high-visibility housing, the 20-metre lifeline is constructed from 200D nylon to guarantee strength and performance even in extreme conditions.
- Durable PVC outer fabric
- 30 metre high strength line

Mast Head Float 40L
Designed to give extra confidence to those new to sailing or learning new skills, mast head floats can help reduce the risk of boats inverting during a capsize.

- Only effective when correct buoyancy float is fitted - owners are responsible
- Not suitable for boats without anchoring

Mast Head Float 9L
Designed to give extra confidence to those new to sailing or learning new skills, mast head floats can help reduce the risk of boats inverting during a capsize.

- Only effective when correct buoyancy float is fitted - owners are responsible
- Not suitable for boats without anchoring

Please remember: Crewsaver Mast Floats do not guarantee to stop a boat inverting and their performance can be hindered by the conditions. Such conditions include a strong tide, wind, swell or incorrect righting procedure.

Buoyancy Bags
Built from the highest quality abrasion resistant PU coated nylon with leak-free welded construction, Crewsaver buoyancy bags are long lasting and available in sizes to fit most dinghies and with 18-193 litres of buoyancy.

- PU coated nylon
- Welded construction
- Long lasting and abrasion resistant
- Bag sizes to fit most dinghy classes
- 18 to 193 litres of buoyancy

ErgoFit Safety Knife

The ErgoFit Safety Knife is designed to be safe to carry with you at all times on the water, but highly effective should you need to cut through ropes in an emergency.

- Safety blade for safe stowing
- Ergonomically designed for fast release cut
- Carry pouch included for attachment to lifejacket

Kontour Helmet

Whether at work or for leisure, when you need head protection the Kontour provides a comfortable, lightweight solution coupled with the reassurance of its CE approval for impact resistance.

- Comfortable foam padding
- Fully adjustable webbing cradle to ensure a perfect fit

Crewlift 40 Bosuns Chair

A safe and comfortable bosun’s chair is a prerequisite for when a crewman goes up the mast to check the rigging or to make essential repairs.

- Complete with an adjustable waist belt and crotch straps for a secure fit
- Detachable tool pouch and webbing tool rack to carry essentials safely and keep your hands free

Torkel Helmet

Perfect for wild conditions and challenging courses, with the Torkel helmet protecting your head you have the confidence to tackle whatever comes your way.
CREWSAVER
ISO OCEAN
LIFERAFT
RANGE

ISO Ocean Liferaft

INCREASED SPECIFICATION
IMPROVING SAFETY & PERFORMANCE

Every year hundreds of leisure craft get into distress in open, coastal and inland waters. Among the most common incidents are fires, collisions or rogue waves: therefore it is essential you equip your vessel to ensure the safety of all on board.

Using our skills and expertise in the design and manufacture of both liferafts and lifejackets, we have created the most advanced specification ISO Ocean Liferaft yet.

Developed specifically for the global leisure market, the Crewsaver ISO Ocean offers:

• High manufacturing quality at a competitive price
• Superior quality – designed and manufactured to ISO 9650-1
• Can be serviced globally by Survitec Group’s network of over 580 fully approved stations
• A lightweight and compact container or valise for ease of transportation
• Lloyds Class ISO approved
- Rainwater catcher on the rear of the canopy
- High visibility SOLAS standard reflective tape to aid visibility
- Internal SOLAS standard LED light
- External SOLAS standard strobe light attached to the roof of the canopy, makes it easier for search and rescue teams to locate in darkness
- Lookout sleeve located on the side of the canopy
- Simple zip-closed canopy door
- Thermally insulated floor
- A semi-rigid boarding ramp and webbing ladder for quick, easy and safe boarding, in addition to interior and exterior lifelines
- High volume water ballast pockets ensure maximum liferaft stability when inflated - 4 Man - 2 x 84 litre water pockets - 6, 8 & 10 Man - 3 x 84 litre water pockets - 12 Man - 5 x 60 litre water pockets
- PU tubes with taped corners to aid longevity
- Exterior pressure relief valves ensure excess CO₂ is not released into the liferaft
- The canopy is manufactured in a tough Polyurethane (PU) coated nylon - 170g/sqm.
- Interior and exterior lifelines help occupants stabilise themselves in heavy seas
- Easy to locate righting lines in case of accidental capsize
Compact Solution

Lightweight and compact, the Crewsaver ISO Ocean Liferaft is easy to store and takes up minimal deck space, whilst offering complete confidence in an emergency, being deployed in less than one minute.

Material and fabric technology

The liferaft is made from a highly durable, long lasting Polyurethane (PU) coating providing the following:

- Flexibility
- Long lasting
- Abrasion resistant
- Highly reliant
- Highly durable
- Chemically inert fabric

Grab Bag

All over 24hr products include a waterproof, buoyant and sealed grab bag, packed inside the raft containing additional survival equipment:

- Flares
- SOLAS thermal protective aids
- ISO first aid kit
- Drinking water
- 500g ration pack per person
- Also available as an optional extra allowing you to upgrade when required.

Supplied in either a weather proof valise or a sleek, lightweight container with side handles for ease of transportation.

12 YEAR WARRANTY WITH EXTENDED 3 YEAR SERVICE INTERVALS

MARKER BUOYS

As used for the 2012 Olympic Games, Crewsaver marker buoys are excellent quality offering great visibility and high durability.

Cylindrical Buoy

Constructed with durable double skin and inner inflation chamber. Stands up tall to aid visibility on long race courses.

- Hard wearing construction
- Comes with fitted mooring harness
- Standard bright orange for high visibility

Dumpy Buoy

Easy to move around for forever moving race courses. Constructed with a durable double skin and inner inflation chamber.

- Hard wearing construction
- Comes with fitted mooring harness
- Standard bright orange for high visibility
Pyramid Buoy
Constructed with a durable double skin and inner inflation chamber. The Pyramid buoy offers an alternative to the dumpy buoy.

- Hard wearing construction
- Comes with fitted mooring harness
- Standard bright orange for high visibility

Training Mark
This is an easy to use training mark that can be quickly and easily laid for a huge variety of training exercises. Easy to inflate by mouth on the water, it is twin-skinned for durability and comes complete with its own weight bag. Perfect for sailing schools and coaches.

- Simple training aid
- Mouth inflation
- Strap for easy recovery
- Inflatable twin skin and weight bag
- Dimensions: 1.9m x 0.3m

Reinforced Training Mark
This bright orange training mark has a black stripe for high visibility and a strong PU coated nylon construction strengthened by webbing.

- High frequency welded inflator
- Includes flag pole holder and pocket for strengthening baton
- Internal ‘sand’ bag for maintaining vertical altitude
- Three webbing handles and strengthened webbing construction
- Can be packed flat when sand bag is empty

Customised Marker Buoys
Harness the power of our skilled in-house team yourself and we’ll create, build and brand solutions to perfectly meet your own specifications. Own branded marker buoys or unique colour ways can help make your event a unique and memorable one.

McMurdo Products

McMurdo survival products - a world leader in the design and manufacture of state-of-the-art emergency beacons - including EPIRBs and PLBs.
G5 Smartfind
The G5 Smartfind Plus GPS is a GMDSS compliant distress radio beacon essential for aiding rescuers reach survivors within the first 24 hours of an incident at sea.

- Visual indication of GPS acquisition
- Battery status monitor
- 6 year battery storage life

E5 Smartfind EPIRB
The E5 Smartfind EPIRB is a GMDSS compliant distress radio beacon essential for aiding rescuers reach survivors within the first 24 hours of an incident at sea.

- Unique CARRYSAFE bracket (manual)
- SOLAS approved auto housing
- High brightness LED flashing locator lights

Fast Find 220
Explore the world with peace of mind. The Fast Find 220 PLB is a lifesaving distress beacon with integral buoyancy pouch, designed for marine enthusiasts and adventurers.

- Buoyancy pouch
- Neck lanyard
- 6 year battery

Crewsaver leisure range  www.crewsaver.com  +44 (0) 1329 820 000
Fastfind MaxG GPS
Personal locator beacon to aid individual rescue at sea. Global emergency alert system via COSPAS-SARSAT satellites with a typical alert reaching rescue services within 3 minutes.

- Waterproof to 10 metres and buoyant
- Inbuilt 12 channel GPS
- High accuracy 406 MHz alert transmitter
- 121.5 MHz homing signal

S20 Smartfind
Designed to be fitted to a lifejacket the S20 Smartfind is ready to be activated in the event of a man overboard situation. Once activated the unit then transmits your position and identity via GPS back to your vessel, enabling a fast rescue.

- Automatic deployment when factory fitted into the ErgoFit lifejacket.
- Flashing LED indicator light makes you easier to spot at night
- 24 hours continuous transmission
- 7 year battery storage life

S10 Smartfind
The Smartfind S10 is designed to be activated in the event of a man overboard situation or other personal crew emergency. The unit transmits your position and identity via GPS back to your vessel, enabling a fast rescue.

- Flashing LED indicator light makes you easier to spot at night
- 24 hours continuous transmission
- 5 year battery storage life

S5 Smartfind
Stored in a quick release carry off bag, the rugged S5 Smartfind is buoyant and waterproof to a depth of 10m. When activated, the S5 transmits an alert message.

- High visibility and buoyancy
- Shoulder strap to aid carrying in emergency evacuation
- 96 hours of continuous transmission
**S4 Rescue SART**

Designed to be stored in a liferaft or as a carry off device, the rugged S4 Rescue SART is buoyant and waterproof to a depth of 10m. When activated, it detects radar signals from other vessels or aircrafts and automatically transmits a response signal that appears on the other vessel’s radar display.

- Suspend in liferaft or mount higher using the integrated extending pole
- 96 hours operation

**R5 GMDSS VHF**

Portable GMDSS survival craft handheld VHF radio that can also be used for general onboard communication. Powerful and user-friendly, it has been specifically developed for the harsh environment at sea.

- 6 year battery storage life

**Spare parts**

**Smartfind Auto Float Free Housing**

Supplied with a float-free housing, the Smartfind E5 EPIRB automatically deploys and activates the EPIRB if the boat is sinking.

**HRU Replacement Kit**

Replacement hydrostatic release unit to fit the following EPIRB’s.

- E4
- G4
- Precision
- Rescue
- E5
- G5
- RT260M
- McM406A

**Accessories**

**Grab Bag**

Designed for holding emergency equipment, the Grab Bag is waterproof, buoyant and perfect for marine or aviation use.

- Highly visible
- Buoyant
- Waterproof

**Grab Bag XL**

Designed for holding emergency equipment, the Grab Bag XL is a sizeable waterproof, buoyant bag which is perfect for marine use.

- Highly visible
- Buoyant
- Waterproof
DINGHY RANGE

Our complete dinghy range includes buoyancy aids, drysuits, spray tops, control tops, boots, gloves, rash vests, wetsuits, hiking systems, thermal control and headwear.
### Spray Top
Manufactured from 2.5 layer highly durable material, the lightweight top is waterproof and extremely breathable, protecting you against wind chill, spray and rain.
- PU lined cuffs and neoprene waist with twin adjustment
- Neck gusset for ease of donning and venting
- Secure chest pocket with drain holes

### Race Top
The Phase2 Race Top takes breathable waterproofing to a new level for dinghy sailors who expect the highest standards from their kit.
- Foldable collar for optional face coverage
- Waterproof and breathable windstopper fabric
- PU lined cuffs and neoprene waist with twin adjustment

### Drysuit
When you want to remain dry, warm and comfortable on the water, the Phase2 drysuit is the dinghy sailors’ choice. It is fully breathable with an easy-entry, across-the-front dry zip and reinforcement where you need it on the seat and knees.
- 100% waterproof extremely breathable fabric with taped seams
- Front curve dry zip
- Glideskin neoprene neck and cuff seals for comfort

---

6912
0.7mm Longjohn

Designed use by the serious dinghy sailor in warmer conditions, the Phase2 0.7mm Longjohn is super-lightweight and durable.

- Shoulder Velcro entry
- Thermal lining on core body panels
- Can be used with Phase2 hiking pads

3mm Longjohn

Designed with the committed dinghy sailor in mind, the Phase2 3mm Longjohn is lightweight and durable. Constructed from high-stretch 3mm neoprene, its micro fleece lining will keep you warm, comfortable and concentrating on performing to your best.

- Thermal lining on core body panels
- Reinforced knees and seat
- Can be used with Phase2 hiking pads
**Phase2 50N**

Designed specifically to meet modern dinghy sailors’ most stringent requirements, the Phase2 50N is an exceptionally comfortable solution. Side zip entry, 3D shaped super soft foam, and neoprene side panels provide top of the range comfort solutions.

- Neoprene side panels
- 3D shaped supersoft foam with low profile waist cut out for excellent fit
- Large front pocket with mesh drain point
- Adjustable waist belt with concealable webbing and buckles

---

**Control Top**

Add the Phase2 Control Top to your dinghy sailing wardrobe for supreme flexibility in your clothing choices. Constructed from LX7K fabric, this breathable, quick-drying thermal top also gives you all the benefits of neoprene.

- Breathable and waterproof
- Flat locked seams to prevent chaffing

---

**Polypro Top**

A great layering option for dinghy racers throughout the seasons, this polypropylene top is lightweight, durable and fast-wicking. It features a seamless underarm construction for unrestricted movement and greater comfort.

- Lightweight and durable polypropylene construction
- Breathable fast-wicking fabric for comfort
- Flatlocked seams to prevent chaffing
Pro Hiking Pads
Train and race harder with these uniquely designed hiking pads taking away the strain. Wrap the outers around your leg and then add up to 3 of the sculpted pads to create your desired level of comfort and fit.

- Flexible back panel for freedom of movement and comfort
- 3 ergonomically cut pads per leg - build your own comfort level and fit
- Wrap-around fit with unique flexibility to ensure a tailored fit and complete comfort

Hiking Shorts
Hike harder and for longer by combining the Phase 2 hiking pads with these hiking shorts. At three-quarter leg length with a low-cut body and manufactured from 3mm and 0.7mm neoprene they are warm and flexible.

- Adjustable shoulder straps
- Use with Phase 2 hiking pads

Trapeze Harness

The Phase2 Trapeze Harness has been carefully designed with shaping for your back, adjustable shoulder straps, a fully adjustable waist, a high-strength closure and a lightweight construction, making it perfect to support you through every movement.

- High strength Velcro closure
- Fully supportive harness with shaping in back
- Adjustable shoulder strap
- Lightweight construction for less bulk

Boot

When you’re racing or training, hiking or trapezing, you’ll want footwear that gives you support, grip, flexibility and a secure foothold around the boat. The Phase2 Boot gives you all that plus the warmth of 5mm neoprene.

- Front entry with Velcro fastening ensures bespoke fit
- Heel, arch and toe support
- Reinforced front hiking support

Zip Boot

If you prefer the additional foot protection and stability afforded by a more substantial zip-up boot over a slipper style boot, this Phase2 design is the ultimate sailing boot for you.

- 5mm neoprene construction for warmth and durability
- Side zip with neoprene gusset for easy donning
- Reinforced hiking and heel area protection
Knee Pad
You won’t notice you’ve got these comfortable and flexible moulded neoprene pads on, but you’ll thank yourself for bothering every time your knee lands heavily on a fitting or a thwart or a kick bar – or even the trolley when you’re launching.

- Ergonomic cut
- Flexible back panel for freedom of movement and comfort
- Reinforced heat moulded knee panel for durability

Sizes S M L

6909

Wet/Dry Bag
Smart, roomy and most importantly with well separated wet and dry compartments, the Phase2 Wet/Dry Bag is the ideal dinghy racers’ kit bag.

- Removable shoulder strap
- Heavy duty polyester construction
- Full wet and dry main compartments
- Neoprene padded carry handle

Size 75 litre

6920

Neck Gaiter
A neck gaiter is ideal to add warmth and comfort when the temperature starts to drop. Use it around your neck or pull it right up over your face to really beat the wind chill.

- Constructed from LX7K fabric for warmth
- Laser-cut breath holes
- Flatlocked construction for strength

Size Universal

6921

Balaclava
Keep your head in the coldest winter conditions and sail with confidence.

- Constructed from LX7K fabric for warmth
- Flatlocked construction for strength
- Ergonomically shaped fit that allows movement

Cirrus Dinghy Drysuit

When you want to remain dry, warm and comfortable on the water, the Cirrus drysuit is the high performance choice. Suitable for all types of inshore watersports including sailing and motor boating.

- Fully breathable fabric with taped seams
- Reinforced knees and abrasion resistant seat for durability
- Glideskin neoprene neck and cuff seals for comfort
- One-piece fleece and drybag included

Razor Junior Drysuit

The Junior Razor drysuit capitalises on our long history of drysuit design and production. Designed specifically for junior sizes, it offers the same benefits as all other drysuits within our range.

- Extremely breathable fabric with taped seams
- Reinforced knees and abrasion resistant seat for durability
- Glideskin neoprene neck and cuff seals for comfort
- One-piece fleece and drybag included

Stratum Fleece

This high-wicking, quick drying thermal fleece will keep you warm on those colder days afloat.

- High wicking, quick drying thermal material
- Thumb loops and ankle stirrups for easy drysuit donning
Path High Chest Trousers
Developed to really suit the needs of dinghy and keelboat sailors, these breathable waterproof chest highs have fully taped seams and extra reinforcement around the seat and knees.

- Highly breathable construction
- Taped seams
- Reinforced knees and seat

Deep Knee Pads
Keep your knees shielded from impacts with these specially moulded neoprene knee pads. With plenty of protection from knocks and bangs, they are built to last whatever your activity.

- Soft yet highly durable
- Ergonomic cut
- Breathable and flexible back panel for freedom of movement and comfort

One Piece Spray Suit
Designed for recreational watersports use the One Piece Spray Suit is the ideal choice for anyone looking for a lightweight entry-level suit.

- Lightweight, durable fabric
- Reinforced wear areas

Spark Spray Top

Ideal for all recreational watersports, the Spark Spray Top offers lightweight protection from wind and spray.

- PU coated un-taped spray top
- Adjustable cuffs and elasticated waist
- Reflective Crewsaver print
Kite 50N Ladies
High cut ergonomic design for effortless movement, large front pocket for excellent storage solutions and hard wearing material to aid long life. Suitable for all types of watersports use.

- 3D Ladies shaped Supersoft foam panels
- Large front pocket with mesh drain point
- Fully concealed, snug free buckles and webbing

Kite 50N
Slim line side zip entry and trapeze harness cut out make the Kite 50N buoyancy aid the first choice for dinghy racers everywhere. Waist adjuster is easily hidden inside the front cover to avoid snagging.

- 3D shaped Supersoft foam panels
- Large front pocket with mesh drain point
- Adjustable side, shoulder straps and waist belt
Plasma QR Trapeze Harness

Many sailors are now opting for the reassurance provided by a harness with a built-in quick release hook.

- Versatile harness
- Adjustable lumbar support
- Spreader bar

Trapeze Harness

The Phase2 Trapeze Harness has been carefully designed with shaping for your back, adjustable shoulder straps, a fully adjustable waist, a high-strength closure and a lightweight construction, making it perfect to support you through every movement.

- High strength Velcro closure
- Fully supportive harness with shaping in back
- Adjustable shoulder strap
- Lightweight construction for less bulk
Cyclone Hood

Manufactured from glued and blind stitched 2mm neoprene, and lined for comfort with polypropylene, you’ll find you retain all-over body heat far more effectively.

- Glued and blind stitched construction
- Ergonomic 3D shaped design
- Fine mesh outer panels for additional warmth
Granite Shoe
With a 3mm neoprene construction, the Granite Shoe is a warm slipper suited to all types of watersports.

- 3mm Neoprene construction for warmth
- Velcro front entry for easy donning
- Moulded high grip sole

Aplite Shoe
The Aplite is a superb neoprene beach shoe with a moulded high-grip sole for comfort and foot protection. With the drawstring at the ankle providing a secure fit, you’ll feel nimble both on and off the water.

- 2.5mm Neoprene construction
- Drawstring ankle adjustment
- Moulded high grip sole

Basalt Boot
Manufactured from highly flexible materials with super-grip rubber soles, the Basalt Boot supports your ankles and protects your feet while providing all the grip and feel you need on the water.

- 3mm Neoprene construction with 1mm Neoprene gusset
- Velcro front entry for easy donning
- Reinforced hiking and heel area protection

Sizes 4 - 11

Cyclone Plus Gloves
Perfect for a multitude of winter water activities, these 3mm neoprene gloves will take the sting out of the conditions leaving you with warm hands that work effectively. The palms give you great grip while the polypropylene lining keeps you extra warm and comfortable.

- 3mm Neoprene construction
- Glued, blind stitched and liquid seamed
- Printed rubber pattern on palm for high grip
- Red polypropylene inner for warmth and comfort

Slate Sock
Ideal for light use on their own or as an additional insulation layer in your existing boots, these neoprene pre-shaped socks provide warmth, comfort and grip.

- Glued and blind stitched Neoprene construction
- 3D shaped for maximum comfort
- Anti-slip printed sole for grip
- Moulded high grip sole

Sizes 4 - 11

Sizes S M L XL XS XXL
CLOTHING & LUGGAGE
ErgoFit Jacket
Perfect for coastal sailing, motorboating, coaching and instructing, the ErgoFit Jacket is designed to a high specification with articulated arms, reinforced elbows and an off-centre zip to avoid chaffing your chin.

- Articulated arms for a sports fit
- Two large front pockets and one pocket on the left arm
- Adjustable hem and Velcro cuffs for secure fit

ErgoFit Smock
Coastal sailors and motor boaters who prefer a smock style top rather than a jacket will appreciate the attention to detail given to the design and construction of the ErgoFit Smock.

- Constructed from nylon with reinforced elbow panels
- High neck for maximum protection against the elements
- Articulated arms for sports fit
- Two large front pockets and one pocket on left arm

ErgoFit Salopettes
Sutting the coastal sailor, the ErgoFit Salopettes show great attention to detail in their design and construction. The adjustable shoulders are comfortable and secure, the waist and back trim in to fit your shape and there is plenty of reinforcement in the high-wear zones such as the knees and seat.

- Reinforced knees and seat area for long product life
- Pocket on left leg for waterproof items
- Long front zip means no need for relief zip
- Velcro ankle closure for an adjustment fit
Short Boot
An excellent boot for use in all types of marine environments, the Short Boot works perfectly with waterproof trousers while the razor-cut grip keeps you surefooted no matter how wet the deck.

- Broad foot design for easy donning and removal
- Natural rubber construction for durability
- Dry Line inner for warmth and comfort

Sizes: 3 4 5 6 6½ 7 8 9 10 10½ 11 12

Long Boot
An excellent boot for use in all types of marine environments, these Long Boots feature a drawstring and gusset at the top, helping to keep your feet and lower legs dry.

- Drawstring and gusset topped long sailing boot
- Broad foot design for easy donning and removal
- Rubber construction for durability
- Dry Line inner for warmth and comfort

Sizes: 3 4 5 6 6½ 7 8 9 10 10½ 11
Wet/Dry bag
Smart, roomy and most importantly with well separated wet and dry compartments, the Phase2 Wet/Dry Bag is the ideal dinghy racers’ kit bag.

- Removable shoulder strap
- Heavy duty polyester construction
- Full wet and dry main compartments
- Neoprene padded carry handle

Bute Drybag
A tough, multi-purpose dry bag ideal for carrying surface watersport gear. The semi-opaque panel that runs the length of each bag makes it easy to find what you’re looking for.

- Abrasion resistant with heavy duty wrap around base
- Semi opaque rip-stop panel for easy location of contents
- Roll top to keep contents dry

Crew Holdall
Crew Holdall provides shore to boat practicality making it the first choice for sailors and motor boaters everywhere.

- Heavy-duty construction with reinforced base
- Carry handle and shoulder strap
- Internal slip pockets with dry pocket

Bute Portage Drybag
The Bute Portage bags include comfortable and adjustable dual shoulder straps so you can easily carry your kit on your back.

- Dual shoulder straps with height adjustment
- Removable adjustable chest strap
- Roll top to keep contents dry
Specifically designed for sailing school and activity centre use, this range combines both durability and quality. Unique colour coding and all season availability, adds a reassuring and professional dimension to your operations.

Centre One Piece Wetsuit 3.5mm

Keep your clients warm, comfortable and enjoying every moment of their time afloat with the durable 3.5mm neoprene Centre One Piece Wetsuit.

- 3.5mm Neoprene Construction
- Back zip for all sizes
- Adjustable ankles for child and junior sizes

Colour coding makes it easy for everyone to pick out the right size, speeding up the kit selection process.

Sizes: CH J LC L M S XL XS XXL

5908
Centre One Piece Wetsuit 5mm
Keep your clients warm, comfortable and enjoying every moment of their time afloat with the durable 5mm neoprene Centre One Piece Wetsuit.

- 5mm Neoprene Construction
- Back zip for all sizes
- Adjustable ankles for child and junior sizes

Centre Long John Wetsuit
Keep your clients warm, comfortable and enjoying every moment of their time afloat with the durable 3.5mm neoprene Centre Long John Wetsuit.

- 3.5mm Neoprene construction
- Front zip entry for adult sizes
- Adjustable shoulder strap and ankle for child and junior sizes

Centre Smock Top
Constructed to be as durable as it is comfortable and practical, the Centre Smock Top covers all bases with reinforced elbows, strengthening on the stress points, over locked edges, taped seams, a pull-tight hood and hand-warmer pocket.

- Drawstring and cordlock on hem
- Bartacked stress points for strength
- All raw edges over locked for durability
- Reinforced hanging loop

Centre Spray Top

Constructed to be as durable as it is comfortable and practical, the Centre Spray Top covers all bases with reinforced elbows, over locked edges, comfortable neoprene collar with vent, double-lined neoprene cuffs for durability and a wide elastic hem.

- Double lined neoprene cuffs for comfort and durability
- All raw edges over locked for durability
- Reinforced hanging loop

Centre Trousers

Constructed to be as durable as they are comfortable and practical, the Centre Trousers cover all bases with extra reinforcement on the seat and knees, durable and adjustable braces plus adjustable ankles.

- Durable adjustable braces in 40mm polypropylene webbing
- Adjustable ankles using 50mm wide Velcro fastening
- Reinforced hanging loop

Centre 70N

With a highly durable construction and full range of quick-pull, safe-lock adjustment straps enabling a fast, great fit across different body shapes, the Centre Vest is ideal for busy watersports centres.

- Outer body made from 500D cordura with 420D nylon lining
- Heavy-duty side zip for ease of donning, secured by a 25mm side release buckle
- Child/Junior size fitted with adjustable crotch straps

</tbody>
</table>
**BS EN ISO12402–?**
Approved to the latest British and European standard.

**BUOYANCY CATEGORY**
The level of buoyancy that defines each product and the environment they are suitable for.

**CYLINDER SIZE**
The size of CO2 cylinder used to inflate the lifejacket.

**SPRAYHOOD**
Fits over the wearer’s head to reduce the amount of spray being inhaled.

**LIGHT**
SOLAS approved lifejacket light.

**INFLATION MECHANISM OPTIONS**

**EN 396**
Approved to British Standards.

**FRONT ZIP**
Quick, easy & secure closure.

**ADJUSTMENT FEATURES**
Various adjusters to guarantee a bespoke fit and extreme comfort.

**SUPERSOFT FOAM**
Soft 3D foam shaped to your body for extreme comfort.

**NYLON**
Durable, lightweight and water resistant fabric.

**RIPSTOP**

**NEOPRENE**
Extremely versatile synthetic rubber, highly flexible and insulating.

**TX20K**
A highly durable 3 layer fabric for extreme waterproof protection. Delivers the ultimate performance and comfort.

**ERGONOMIC DESIGN**
Pre-shaped for increased flexibility and freedom of movement.

**AMARA**
Hard-wearing reinforcement for high wear points.

**HIGH WICKING**
Moisture is efficiently absorbed away from the body for additional comfort.

**CURVED ZIP**
The front zip curves around the body for freedom of movement when sailing.

**PU COATED NYLON**
Lightweight yet durable water resistant fabric.

**DX10K**
Lightweight 2 layer fabric comprising a tough waterproof and windproof outer and a breathable layer with additional print lining for increased durability and protection: MVP: 3,000/g/m²/24hrs; WP: 5,000mm.

**MICROFLEECE LINING**
Additional comfort and warmth.

**100% WATERPROOF**
Fully waterproof fabric with taped seams.

**ARTICULATED ELBOWS**
Pre-shaped arms for increased freedom of movement.

**REINFORCED WEAR AREAS**
Provides additional strengthening.

**POLYPROPYLENE**
Lightweight yet durable soft feel fabric.

**MUSCLE SUPPORT**
Close fitting against the body for extra hold.

**FLATLOCKED SEAMS**
Added comfort against the skin.

**ADJUSTABLE SHOULDERS**
Offer increased comfort, flexibility and an excellent fit.

**USE WITH HIKING PADS**
Compatible with Crewsaver hiking pads.

**NYLON/SPANDEX**
Highly stretch fabric for extreme freedom of movement.

**AMARA**
Hard wearing reinforcement for high wear points.
